*What is true cannot be untrue, neither can the untrue be considered as true. What has happened, we cannot lie that it has not happened. Lying would not change what has happened. Even if we hide it, what has been done cannot be undone. Therefore, Jesus says that let our “yes” be “yes” and our “no” be “no.” Anything beyond that comes from the evil one (Matt. 5:37).*

*In Genesis chapter 43, we learned that Joseph’s brothers went down to Egypt to buy foods and they bowed down to him, not knowing that he was their own brother. It happened just as Joseph had dreamed twice when he was 17 years old. Joseph did not reveal himself. He covered the truth. He took Simeon prisoner in Egypt and demanded that their youngest brother Benjamin be brought from Canaan before he would release Simeon.*

*In this lesson, we will continue the story and see how it develops. Read the whole chapter of Genesis 44 and 45, before answering these questions.*
